

## Advisory

Dear Parents

This is for your kind information that the **School Management** has repeatedly reported that some of the students are **unauthorisedly using Bike, Scooty & Car** to come to school without possessing a valid license. They park their vehicles in the nearby houses and shops near the school. School has already banned the usage of bikes /Scooties/cars for the **Children below 18 years** of age. Some of the students have been reported for using these vehicles even without **wearing a helmet**.

As, you are well aware of the implementation of the new **Motor Vehicle Act** by the government, kindly follow the same for the Safety & Security of your ward to avoid the payment of **heavy penalty for not having a valid license/wearing helmet or any mishap/injury**.

Keeping all the above mentioned points in mind, the Management of D.P.S. Bulandshahr once again requests you to drop your ward to school and take them back.

Your co-operation is solicited for **abstaining** your children from **using Bike, Scooty & Car**.

Best Regards

(D.S. Yadav)
