Dear Parents

Greetings from DPS Bulandshahr!

With a primary focus on educational pursuits, DPS Bulandshahr aims to impart moral concepts and fundamental values to its staff and students. The initial months were indeed rewarding resulting in the practice of fundamental virtues essential for a happy and healthy life. Now, to accomplish this objective throughout the city and our community, we look forward to your kind cooperation and unwavering support.

Increased resilience, optimism, curiosity and connectedness provide the necessary tools, opportunities, and support to develop a sense of confidence imperative for the holistic growth of our children. Therefore, let us reinforce its significance and assist them in acquiring the same mindset by engaging in it ourselves. Let's strive to be the best versions of ourselves by showing kindness to others, since this will unavoidably reflect on those close to us. The following **Nine Points** can help us get started:
